Air Crash Investigations Jammed Rudder

Because the crash involved a Boeing 737-300 rolling and diving toward the ground at a steep angle, investigators considered the possibility of rudder hardover due to PCU servo malfunction. The Indonesian National Transportation Safety Committee , the lead investigating agency, concluded in its December 14, 2000 final report that it had found "no evidence to explain the cause of the accident."

Boeing 737 rudder issues - Wikipedia

Mayday, known as Air Crash Investigation(s) outside of the United States and Canada and also known as Air Emergency or Air Disasters (Smithsonian Channel) in the United States, is a Canadian documentary television series produced by Cineflix that recounts air crashes, near-crashes, fires, hijackings, bombings, and other mainly flight-related disasters and crises.
