Aj Greimas And The Nature Of Meaning Linguistics Semiotics ...

The semiotic square, derived from Aristotle's logical square of opposition, was developed by Algirdas J. Greimas, a French - Lithuanian linguist and semiotician, who considered the semiotic square to be the elementary structure of meaning.

Semiotic square - Wikipedia

Greimas emphasizes the idea that language is an " assemblage of structures of signification " which implies that the language system cannot be " given " in advance but must be articulated as discourse (discourse, for Greimas, is " language as taken on by the person who is speaking " ).
