Asiwaju Tinubu, national leader, APC, engineered the first takeover of power by the opposition in Nigeria in 2015. He was the only politician standing as governor of Lagos state, southwest Nigeria between 1999 and 2007. This was a period the political blitzkrieg unleashed by the People's Democratic Party (PDP) under former President Olusegun Obasanjo swept the southwest like a tsunami and all opposition governors lost their seats. Tinubu retained his seat and administered Lagos state for eight progressive years without a cent/kobo from the PDP-controlled Federal Government Who is Bolanle Tinubu? Where was he born and how did he grow up? What was his parentage like in

# Download Ebook Aliko Mohammad Dangote The Biography Of The Richest

the 1950s? What does Tinubu want in Nigeria? This is the first comprehensively researched biography of Jagaban.

As Forbes magazine heads towards its centenary in 2017, this is a timely look at how the work of entrepreneurs can influence lives in Africa and create the jobs that empty state coffers can no longer afford. Written by the founder of Forbes Africa, this is a masterclass on how the brightest and most successful entrepreneurs across Africa made their billions. Chris Bishop gets up close and personal with the biggest names in business on the continent: Aliko Dangote, Patrice Motsepe, Nicky Oppenheimer, Christo Wiese and Stephen Saad, among others. These are the stories of how they not only survived, but thrived, in the fast and furious world of African business: the penniless priest who became a steel baron; the barefoot apple-seller who turned into a mining millionaire; the man who shared a hut with cattle but ended up a billionaire; the respected millionaire who went from running dice games and dealing drugs to running a city. This is a rich tapestry of stories about the super-wealthy and the wise, told with wit and heart.

To borrow a hackneyed phrase, Nigeria has had a chequered political history before and since independence from British colonial rule on October 1, 1960. Two sets of actors - the

# Download Ebook Aliko Mohammad Dangote The Biography Of The Richest

civilian politicians and the military politicians - have been on the national political stage since January 15, 1966. General Ibrahim Badamasi Babangida was one of them. In his eight years in power as president, or perhaps more correctly as military president, he affected the course of Nigeria's events, for better or for worse, in a way that few, if any, before him did. It is not possible to tell Nigeria's story without Babangida's part in it. The book is the story of IBB, the little orphan from Minna, Niger State and his meticulous rise to the top of his profession and the leadership of his country. Perhaps, more importantly, it is the story of Nigeria, its post-independence politics and power, told from the perspective of the actions and decisions of one of the main actors on the country's political stage. The events that shaped the Babangida era did not begin on August 27, 1985, the day he staged a palace coup against General Muhammadu Buhari. They began long before that. This book is the definitive story of the military, politics and power in Nigeria.

Who are the real power brokers in Africa? Who are the dynamic entrepreneurs making things happen on the continent? How did they do it and what are their personal stories? Africa's Greatest Entrepreneurs is a unique collection of stories about 16 of the most successful

# Download Ebook Aliko Mohammad Dangote The Biography Of The Richest

Entrepreneurs and business visionaries currently operating in Africa. Each chapter is dedicated to a single entrepreneur and focuses on a sometimes tumultuous, often challenging, but mostly exciting journey to success. This fascinating and well-researched book examines the life of each entrepreneur and maps out the path each elected to follow in tackling and overcoming the obstacles that stood in the way of the realisation of their dreams. Meet, among others, Kagiso Mmusi, the Motswana transport millionaire; Richard Maponya, the South African retail giant behind Soweto's Maponya Mall; Kwabena Adjei, the rags-to-riches Ghanaian millionaire; Wale Tinubu, the Nigerian head of the Oando oil and gas giant; Ndaba Ntsele, the South African king of high finance; and Mo Ibrahim, the Sudanese-born telecoms millionaire. Each story is inspiring and informative in its own unique way. Makura sheds light on the different historical, political and economic power structures that helped create - and in some cases frustrate - these business heroes. The book shines the spotlight on and provides an unprecedented insight into a new breed of African hero - some of whose stories have never been told until now.

Although the past few decades have witnessed growing interest in varieties of English around the world, no study of the Nigerian variety intended for the international market has yet been published. Making use of well-

# Download Ebook Aliko Mohammad Dangote The Biography Of The Richest

known paradigms, the book will relate Nigerian English, as a 'Second Language' variety, to other World Englishes. Its chief overall concern, however, is to provide a detailed descriptive account of the variety, seeking to show what is distinctive about it and also, in this perspective, distinguishing between more educated and less educated usage. After giving a sociolinguistic profile of Nigeria, where English today enjoys a more prominent role than ever before, it will examine in turn the phonology, morpho-syntax, and lexico-semantics of Nigerian English, with samples of written texts from the eighteenth century to the present. It will also give a comprehensive summary of academic research carried out in the field over the past fifty years. In this way the book will provide an introduction to the subject for the benefit of scholars and students in universities in many countries, and will serve as a useful companion to other books in De Gruyter Mouton's Dialects of English series.

The Nigerian state has been oil-rich for decades, and yet perennially incapable of converting its oil resources into wealth for ordinary Nigerians. Adeoye O. Akinola tackles this "vexed" oil question by examining the political economy of efforts to deregulate the Nigerian downstream oil industry. Focusing on themes of globalization and democratization, this book considers how a

# Download Ebook Aliko Mohammad Dangote The Biography Of The Richest

resource-rich developing country like Nigeria can exploit the opportunities of globalization and navigate the pressures of democratization and the challenges of liberalization. Pairing sophisticated theoretical frameworks with firsthand accounts from actors in the oil industry, this book identifies the root causes of Nigeria's development struggles and offers practical policy solutions for successfully deregulating the oil sector. For public officials and policymakers as well as researchers, this book offers a critical new lens on the future of natural resource management in Nigeria and the Global South.

Satan and his fallen angels - principalities and demons - are well and alive on the earth. They are not figments of peoples' imaginations but malevolent spirits fighting the Lord God Almighty, born-again Christians and the entire human race (Ephesians 6: 12). The Kingdom of Satan Exposed! is about their modus operandi and artifices in the world. The book exposed the organogram of the satanic world and the spread of false religions to lure the unwary and the ignorant into hell.
