~~Amazon.com: step-into-reading~~

"The Step into Reading books hold the interest of even our most primary students. The books are perfect for our second-language learners, who need high-interest books with controlled lower-level vocabulary that look like 'real books,' not 'baby books.'" --Susan Banning, Assistant Principal "The Step into Reading series makes integrating reading into the curriculum so much easier.

Planet Earth is an amazing place, to say the least. And even though we've been living on its surface our entire life, there are still a lot of things we don't know about it. Many things that we do know are awe-inspiring. What's even more interesting about some of these is the fact that they have wide-scale implications on everything around them.

~~Soundtrack | Invasion Planet Earth~~

Some Amazing Facts About the Earth The earth has an atmosphere full of gases and it absorbs almost all the solar radiation that enters into the planet. Only certain gases can escape from the atmosphere to the earth's surface such as water vapor, carbon dioxide and nitrogen oxide. This is what helps to keep the earth's temperature moderate and varies with time.
