War by Act of Germany. To defend American interests short of war, the president asked Congress for authority to arm American merchant ships. A band of midwestern senators launched a filibuster to block the measure and Wilson denounced them as a "little group of willful men" who were rendering a great nation "helpless and contemptible", but their obstruction was a reminder of the continuing ...

USAs historic indtil 1996

For this twelfth edition of The American Pageant, we have worked together closely to incorporate the most recent scholarship about American history, and to preserve the readability that has long been the Pageant's hallmark. We are often told that the Pageant is the sole American history text that has a distinctive personality -- defined by clarity, concreteness, a consistent chronological narrative, strong emphasis on major themes, avoidance of clutter, access to a variety of interpretive perspectives, and a colorful writing style leavened, as appropriate, with wit. - Preface.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Perfect for students preparing to take the 2018 AP U.S. History Examination. -- Publisher's website.

This research anthology is the fourth volume in a series sponsored by the Special Interest Group Research on the Education of Asian and Pacific Americans (SIG-REAPA) of the American Educational Research Association and National Association for Asian and Pacific American Education. This series explores and explains the lived experiences of Asian and Americans as they acculturate to American schools, develop literacy, and claim their place in U.S. society, and blends the work of well established Asian American scholars with the voices of emerging researchers and examines in close detail important issues in Asian American education and socialization. Scholars and educational practitioners will find this book to be an invaluable and enlightening resource.
