I had jumped into a project without the previous experience of directing photo shoots. Of course I had experience art-directing other web and print projects. I carried the skill set through to photography. Alas, here are my suggestions and tips to take into account when art-directing your first custom photo shoot.

An art director's main concern is to inspire and guide their team so that each and every component of a project will come together to produce an appealing visual whole. The Publishing Industry In publishing, art directors typically work with the publication's editor(s) and oversee the concept for specific sections and page layouts of catalogs, newspapers, or magazines.

What does an art director do? - CareerExplorer

Except in the smallest organizations, the art director/copywriter team is overseen by a creative director, senior media creative, or chief creative director. In a large organization, an art director may oversee other art directors and a team of junior designers, image developers, and/or production artists, and coordinates with a separate production department. In a smaller organization, the art director may fill all these roles, including oversight of printing and other production.

The Hepworth Wakefield

I have a few go-tos that I regularly check. For print design, I enjoy Coverjunkie. It's an up-to-date collection of print covers from around the world; a passion project by Jaap Biemans, who is also an Art Director at De Volkskraant. It's for print, by print. I also listen to The Stack from time to time. It's a podcast by Monocle about the current state of print and allows me to hear about magazines I might not know about, straight from the
