Transplantation An Issue

Many of the problems that can happen shortly after the

Bookmark File PDF Bone Marrow Transplantation An

transplant come from having the bone marrow wiped out by medicines or radiation just before the transplant.

Others may be side effects of the conditioning treatments themselves.

Bookmark File PDF Bone Marrow Transplantation An

Stem Cell or Bone Marrow

Transplant Side Effects

Stem cell or bone marrow

transplants are complex

treatments that carry a

significant risk of serious

complications. It's

important that you're aware

Bookmark File PDF Bone Marrow Transplantation An

of both the risks and possible benefits before treatment begins. You may wish to discuss them with your treatment team and your family. Generally speaking, younger people who don't have any other serious

Bookmark File PDF Bone Marrow Transplantation An

conditions or those who receive transplants from a closely matched sibling are less likely to experience internal problems.
