The story of Yayati is perhaps one of the most intriguing and fascinating episodes of Mahabharata. Yayati was a great scholar and one of the noblest rulers of olden times. He followed the shastras and was devoted to the welfare of his subjects. Even the King of Gods, Indra, held him in high esteem. Married to seductively beautiful Devayani, in love with her maid Sharmishtha, and father of five sons from two women, yet Yayati unabashedly declares, 'My lust for pleasure is unsatisfied...' His quest for the carnal continued, sparing not even his youngest son, and exchanging his old age for his son's youth... Winner of the Jnanpith and Sahitya Akademi Awards.

The unique feature of this book is its down-to-earth practicality Here you are presented with simple, usable techniques and formulas, which you can easily apply in your workaday world. I have taught these simple processes to men and women all over the world, and recently over a thousand men and women of all religious affiliations attended a special class in Los Angeles where I presented the highlights of what is offered in the pages of this book. Many came from distances of two hundred miles for each class lesson. The special features of this book will appeal to you because they show you why oftentimes you get the opposite of what you prayed for and reveal to you the reasons why. People have asked me in all parts of the world and thousands of times, 'Why is it I have prayed and prayed and got no answer??' In this book you will find the reasons for this common complaint. The many ways of impressing the subconscious mind and getting the right answers make this an extraordinarily valuable book and an ever present help in time of trouble.

This is a complete grammatical description of Marathi, which belongs to the Indo-European family and is spoken in Maharashtra State in India. It has around 45 million speakers, who comprise about eight per cent of the total population of India. Marathi is particularly interesting from the point of view of its structure: it is a blending of linguistic features of the Indo-European and Dravidian language families. Marathi provides fascinating data for the study of language typology, structural change, and language universals.

This is one of the many inspiring books from the renowned "Motivator" Dr. G. Francis Xavier. Evidently, this harvest of stories has been gleaned from lands he visited and books he read. Xavier, who conducts full-house personal growth courses has brought out this compendium in an interactive form, making the reader give the answers at the end of the story, which is a novel approach. Stories and examples are the best way to inspire, and this volume can be gifted to anyone. It is useful for preachers, speakers and teachers. The book appeals to readers of all ages except the morose and irredeemable negaholics (negative thinking addicts) and anti-reading teenagers. It has stories to inspire and promises uninterrupted chuckles till the end. There are also quotations on success.
