Dictionary of the Later New Testament & Its Developments ...

The Dictionary of the Later New Testament and Its Developments provides focused study on the often-neglected portions of the New Testament: Acts, Hebrews, the General Epistles and Revelation. Furthermore, its scope goes beyond the life of the New Testament church to include the work of the apostolic fathers and early Christianity up through the middle of the second century.

Building on the strong reputation of the companion volumes 'The Dictionary of Jesus and the Gospels' and 'The Dictionary of Paul and his Letters', this book focuses on some less well-known parts of the New Testament, and the post-apostolic church.

The 'Dictionary of New Testament Background' joins the 'Dictionary of Jesus and the Gospels', the 'Dictionary of Paul and his Letters' and the 'Dictionary of the Later New Testament and its

Read Book Dictionary Of The Later New Testament Its Developments The Ivp Bible Dictionary Series

Developments' as the fourth in a landmark series of reference works on the Bible. In a time when our knowledge of the ancient Mediterranean world has grown, this volume sets out for readers the wealth of Jewish and Greco-Roman background that should inform our reading and understanding of the New Testament and early Christianity. 'The Dictionary of New Testament Background', takes full advantage of the flourishing study of the Dead Sea Scrolls and offers individual articles focused on the most important scrolls. In addition, the Dictionary encompasses the fullness of second-temple Jewish writings, whether pseudepigraphic, rabbinic, parables, proverbs, histories or inscriptions. Articles abound on aspects of Jewish life and thought, including family, purity, liturgy and messianism. The full scope of Greco-Roman culture is displayed in articles ranging across language and rhetoric, literacy and book benefactors, travel and trade, intellectual movements and ideas, and ancient geographical perspectives. No other reference work presents so much in one place for students of the New Testament. Here an entire library of scholarship is made available in summary form. The Dictionary of New Testament Background can stand alone, or work in concert with one or more of its companion volumes in the series. Written by acknowledged experts in their fields, this wealth of knowledge of the New Testament era is carefully aimed at the needs of contemporary students of the New Testament. In addition, its full bibliographies and cross-references to other volumes in the series will make it the first book to reach for in any investigation of the New Testament in its ancient setting.

Edited by Joel B. Green, Scot McKnight and I. Howard Marshall, this reference work encompasses everything relating to Jesus and the Gospels.

The Dictionary of the Old Testament: Pentateuch' is the first in a four-volume series covering the text of the Old Testament. Following in the tradition of the four award-winning IVP dictionaries focused on the New Testament and its background, this encyclopedic work is characterized by close attention to the text of the Old Testament and the ongoing conversation of contemporary scholarship. In exploring the major themes and issues of the Pentateuch, it informs and challenges its readers with authoritative overviews, detailed examinations and new insights from the world of the ancient Near East. The 'Dictionary of the Old Testament: Pentateuch' is designed to be your first stop in the study and research of the Pentateuch, on which the rest of the Bible is built.

For years, Vine's Expository Dictionary has been the standard word study tool for pastors and laypeople, selling millions of copies. But sixty-plus years of scholarship have shed extensive new light on the use of biblical Greek and Hebrew, creating the need for a new, more accurate, more thorough dictionary of Bible words. William Mounce, whose Greek grammar has been used by more than 100,000 college and seminary

Read Book Dictionary Of The Later New Testament Its Developments The Ivp Bible Dictionary Series

students, is the editor of this new dictionary, which will become the layperson's gold standard for biblical word studies. Mounce's is ideal for the reader with limited or no knowledge of Greek or Hebrew who wants greater insight into the meanings of biblical words to enhance Bible study. It is also the perfect reference for busy pastors needing to quickly get at the heart of a word's meaning without wading through more technical studies. What makes Mounce's superior to Vine's? The most accurate, in-depth definitions based on the best of modern evangelical scholarship. Both Greek and Hebrew words are found under each English entry (Vine's separates them). Employs both Strong's and G/K numbering systems (Vine's only uses Strong's). Mounce's accuracy is endorsed by leading scholars

Tremper Longman III and Peter E. Enns edit this collection of 148 articles by over 90 contributors on Job, Psalms, Proverbs, Ecclesiastes, Song of Songs, Lamentations, Ruth and Esther.

"This splendid reference describes every woman in Jewish and Christian scripture . . . monumental" (Library Journal). In recent decades, many biblical scholars have studied the holy text with a new focus on gender. *Women in Scripture* is a groundbreaking work that provides Jews, Christians, or anyone fascinated by a body of literature that has exerted a singular influence on Western civilization a thorough look at every woman and group of women mentioned in the Bible, whether named or unnamed, well known or heretofore not known at all. They are remarkably varied—from prophets to prostitutes, military heroines to musicians, deacons to dancers, widows to wet nurses, rulers to slaves. There are familiar faces, such as Eve, Judith, and Mary, seen anew with the full benefit of the most up-to-date results of biblical scholarship. But the most innovative aspect of this book is the section devoted to the many females who in the scriptures do not even have names. Combining rigorous research with engaging prose, these articles on women in the Hebrew Bible, the Apocryphal/Deuterocanonical Books, and the New Testament will inform, delight, and challenge readers interested in the Bible, scholars and laypeople alike. Together, these collected histories create a volume that takes the study of women in the Bible to a new level.

The Eerdmans Dictionary of the Bible gathers nearly 5,000 alphabetically ordered articles that thoroughly yet clearly explain all the books, persons, places, and significant terms found in the Bible. The Dictionary also explores the background of each biblical book and related writings and discusses cultural, natural, geographical, and literary phenomena—matters that Bible students at all levels may encounter in reading or discussion. Nearly 600 first-rate Bible authorities have contributed to the Eerdmans Dictionary of the Bible. Intended as a tool for practical Bible use, this illustrated dictionary reflects recent archaeological discoveries and the breadth of current biblical scholarship,

Read Book Dictionary Of The Later New Testament Its Developments The Ivp Bible Dictionary Series

including insights from critical analysis of literary, historical, sociological, and other methodological issues. The editorial team has also incorporated articles that explore and interpret important focuses of biblical theology, text and transmission, Near Eastern archaeology, extrabiblical writings, and pertinent ecclesiastical traditions--all of which help make the Eerdmans Dictionary of the Bible the most comprehensive and up-to-date one-volume Bible dictionary on the market today.

The 'Dictionary of Paul and his letters' is a one-of-a-kind reference work. Following the format of its highly successful companion volume, the 'Dictionary of Jesus and the Gospels', this Dictionary is designed to bring students, teachers, ministers and laypeople abreast of the established conclusions and significant recent developments in Pauline scholarship. No other single reference work presents as much information focused exclusively on Pauline theology, literature, background and scholarship. In a field that recently has undergone significant shifts in perspective, the 'Dictionary of Paul and His Letters' offers a summa of Paul and Pauline studies. In-depth articles focus on individual theological themes (such as law, resurrection and Son of God), broad theological topics (such as Christology, eschatology and the death of Christ), methods of interpretation (such as rhetorical criticism and social-scientific approaches), background topics (such as apocalypticism, Hellenism and Qumran) and various other subjects specifically related to the scholarly study of Pauline theology and literature (such as early catholicism, the centre of Paul's theology, and Paul and his interpreters since F. C. Baur). Separate articles are also devoted to each of the Pauline letters, to hermeneutics and to preaching Paul today. The 'Dictionary of Paul and His Letters' takes its place alongside the 'Dictionary of Jesus and the Gospels' in presenting the fruit of evangelical New Testament scholarship at the end of the twentieth century - committed to the authority of Scripture, utilising the best of critical methods, and maintaining dialogue with contemporary scholarship and challenges facing the church.

The writings of the prophets make up over a quarter of the Old Testament. But perhaps no other portion of the Old Testament is more misunderstood by readers today. For some, prophecy conjures up knotted enigmas, opaque oracles and terrifying visions of the future. For others it raises expectations of a plotted-out future to be reconstructed from disparate texts. And yet the prophets have imprinted the language of faith and imagination with some of its most sublime visions of the future - nations streaming to Zion, a lion lying with a lamb, and endlessly fruiting trees on the banks of a flowing river. We might view the prophets as stage directors for Israel's unfolding drama of redemption. Drawing inspiration from past acts in that drama and invoking fresh words from its divine author, these prophets speak a language of sinewed poetry, their words and images arresting the ear and detonating in the mind. For when Yahweh roars from Zion and thunders from Jerusalem, the pastures of the shepherds dry up, the

Read Book Dictionary Of The Later New Testament Its Developments The Ivp Bible Dictionary Series

crest of Carmel withers, and the prophetic word buffets those selling the needy for a pair of sandals. The Dictionary of the Old Testament: Prophets is the only reference book of its kind. Not only does it focus exclusively on the prophetic books; it also plumbs their imagery of mountains and wilderness, flora and fauna, temple and Zion. It maps and guides us through topics such as covenant and law, exile and deliverance, forgiveness and repentance, and the Day of the Lord. Here the nature of prophecy is searched out in its social, historical, literary and psychological dimensions as well as its synchronic spread of textual links and associations. And the formation of the prophetic books into their canonical collection, including the Book of the Twelve, is explored and weighed for its significance. Then too, contemporary approaches such as canonical criticism, conversation analysis, editorial/redaction criticism, feminist interpretation, literary approaches and rhetorical criticism are summed up and assayed. Even the afterlife of these great texts is explored in articles on the history of interpretation as well as on their impact in the New Testament.
