Editor Anne McKinneyReviews and ExcerptsCivil engineers, mechanical engineers, structural engineers, marine engineers, chemical engineers, systems engineers, and engineering support personnel have a lot in common when they want to create a resume, and this book shows resumes and cover letters of individuals who want to work in the field. For those who seek federal employment, there's a special section showing how to create federal resumes and government applications. Since many technical types aren't writers, this comes as a special gift: select a winning format, plug in your background specs, and away you go. It's that easy—with REAL RESUMES in hand. - The Midwest Book Review1-885288-42-5

This is the most complete career resource guide book for engineers dealing with the non-technical side of engineering. It provides career advice for engineers at all stages of their careers, whether newly graduated, mid-career, or soon-to-be-retired. This book provides many real world, practical, proven, common sense career tips supported by actual work and experiences/examples. Tips deal with problems the engineer may encounter with supervisors, co-workers and others in the corporation. The book provides step-by-step guidance on how to deal with career problems and come out ahead.

Software startups make global headlines every day. As technology companies succeed and grow, so do their engineering departments. In your career, you'll may suddenly get the opportunity to lead teams: to become a manager. But this is often uncharted territory. How can you decide whether this career move is right for you? And if you do, what do you need to learn to succeed? Where do you start? How do you know that you're doing it right? What does "it" even mean? And isn't management a dirty word? This book will share the secrets you need to know to manage engineers successfully. Going from engineer to manager doesn't have to be intimidating. Engineers can be managers, and fantastic ones at that. Cast aside the rhetoric and focus on practical, hands-on techniques and tools. You'll become an effective and supportive team leader that your staff will look up to. Start with your transition to being a manager and see how that compares to being an engineer. Learn how to better organize information, feel productive, and delegate, but not micromanage. Discover how to manage your own boss, hire and fire, do performance and salary reviews, and build a great team. You'll also learn the psychology: how to ship while keeping staff happy, coach and mentor, deal with deadline pressure, handle sensitive information, and navigate workplace politics. Consider your whole department. How can you work with other teams to ensure best practice? How do you help form guilds and committees and communicate effectively? How can you create career tracks for individual contributors and managers? How can you support flexible and remote working? How can you improve diversity in the industry through your own actions? This book will show you how. Great managers can make the world a better place. Join us.

Hotel Management and Operations, Fifth Edition provides a practical, up-to-date, and comprehensive approach to how professionals across the industry manage different departments within their operation. From the front office to finance, from marketing to housekeeping, this resource offers advanced theory played out in practical problems. Multidimensional case studies are a notable feature, with complex management problems portrayed from multiple viewpoints: "As I See It" and "Day in the Life" commentaries from new managers provide further real-world perspective. Covering the latest issues affecting the industry, this text gives students and professionals an up-to-date, dynamic learning resource.

Strong, impressive resumes that lead to the right job! Get the inside scoop on pharmaceutical sales careers with this new Vault Guide. Overview of the industry; functions in pharmaceutical sales: field sales, sales management, training and development, instructional design/content development, project management; jobs and career paths; getting hired - education, interview preparation, and more.

Like it or not, you are now in sales, and you are the product, and we teach you how to sell your product! Here are a few highlights that will separate you from everyone else seeking the job you are seeking: | Get up to 90 percent feedback on every résumé you send out. | Have a résumé that stands out from all other candidates. | Never get screened out by a human resource department again. | Stay a week to ten days ahead of everyone else going after the same position you are going after. | Uncover the so-called "hidden job market." | Be better prepared for the interview than those who are going to interview you. (The majority of managers who will be interviewing you have never had any training in how to interview. You will!) | Discover recruiters know about how to find job openings. | Learn how to network like no one else can teach you. | Find out how to target companies. | Understand how not to answer ads online or in the newspaper. These are a few things that can help get you employed in the fastest professional manner. We are a search and recruiting firm that also owns an outplacement firm, and we have combined the knowledge of both firms to come up with the best proven methods of job searching. We have taught these methods for over twenty years by our outplacement firm, and this book is based on our proven training manual. Countless control forms that will keep you on track during your job search are also included in the book.

Title shows resumes and cover letters of people seeking employment in the construction industry. Job hunting techniques are explained in step-by-step fashion in order to benefit those seeking construction work. Because the construction industry tends to be cyclical, a helpful section is included which describes how to transfer construction industry experience to other fields and industries. The book's main contents are the resumes and cover letters of construction industry professionals. Included are resumes of project manager, carpenter, foreman, safety manager, electrician, brick mason, engineering manager, real estate agent, plumber, job planner, sander, flooring installer, interior designer, independent contractor, and many others.
