Everyone has a story to tell. *Fearless Confessions* is a guidebook for people who want to take possession of their lives by putting their experiences down on paper—or in a Web site or e-book. Enhanced with illustrative examples from many different writers as well as writing exercises, this guide helps writers navigate a range of issues from craft to ethics to marketing and will be useful to both beginners and more accomplished writers. The rise of interest in memoir recognizes the power of the genre to move and affect not just individual readers but society at large. Sue William Silverman covers traditional writing topics such as metaphor, theme, plot, and voice and also includes chapters on trusting memory and cultivating the courage to tell one's truth in the face of forces—from family members to the media—who would prefer that people with inconvenient pasts and views remain silent. Silverman, an award-winning memoirist, draws upon her own personal and professional experience to provide an essential resource for transforming life into words that matter. *Fearless Confessions* is an atlas that contains maps to the remarkable places in each person's life that have yet to be explored.

You are *The Girl*, and *The Girl* is a Badass. From the opening lines, it's clear *The Girl* at the center of these poems is damaged—which is another way to say she's a survivor. If *The Girl Never Learns* moves from the personal to the mythic to the apocalyptic, because *The Girl* would do anything, even go to hell, to save her soul. So, she resists, takes action to overturn society's suffocating ideal of Good Girlhood. The poems' sense of breathlessness reflects *The Girl*'s absolute need to control her own destiny, to outrun her past, while at the same time chasing a future she alone has envisioned and embodied. Because *The Girl* is, above all else, a badass.

Many are haunted and obsessed by their own eventual deaths, but perhaps no one as much as Sue William Silverman. This thematically linked collection of essays charts Silverman's attempt to confront her fears of that ultimate unknown. Her dread was fomented in part by a sexual assault, hidden for years, that led to an awareness that death and sex are in some ways inextricable, an everyday reality many women know too well. Through gallows humor, vivid realism, and fantastical speculation, *How to Survive Death and Other Inconveniences* explores this fear of death and the author's desire to survive it. From cruising New Jersey's industry-blighted landscape in a gold Plymouth to visiting the emergency room for maladies both real and imagined to suffering the stifling strictness of an intractable piano teacher, Silverman guards her memories for the same reason she resurrects archaic words—to use as talismans to ward off the inevitable. Ultimately, Silverman knows there is no way to survive death physically. Still, through language, commemoration, and metaphor, she searches for a sliver of transcendent immortality.

Memoir of Sue William Silverman, a self-described "white Anglo-Saxon Jew" who grew up going to a Christian school. Discusses how she grew up a fan of Pat Boone before Boone became a Tea Party member.

As a vital and growing literary genre, nonfiction impacts bestseller lists, writing programs, writers' workshops, and academic conferences on creative writing, composition/rhetoric, and literature. In a lively exploration of its poetics, *The Nonfictionist's Guide* examines the elements of contemporary nonfiction and suggests imaginative approaches to writing it. Beginning with a new definition of nonfiction and explanation of the nonfiction motive, Robert Root guides both readers and writers through the innovative and stimulating ways we write nonfiction now.

Because I Remember Terror, Father, I Remember You destroys our complacency about who among us can commit unspeakable atrocities, who is subjected to them, and who can stop them. From age four to eighteen, Sue William Silverman was repeatedly sexually abused by her father, an influential government official and successful banker. Through her eyes, we see an outwardly normal family built on a foundation of horrifying secrets that long went unreported, undetected, and unconfessed.

Literary Nonfiction. Memoir. An instant classic, NO PERMANENT SCARS reads how creative nonfiction should read: like fiction. Like nonfiction. Like memoir. Like humor. Like literature. Like life. It's about childhood, adulthood, the neighborhood, and what it means to be a kid, a parent, a teacher, a human. Michael Hemery illuminates an honest working-class existence, offering both the sober realities of class discrimination and the humor and love of family. Intertwined with serious issues such as suicide, alcoholism, abuse, religion, and immigration, Hemery also endures a painfully slow and often naive coming of age (he once mistook an obvious prostitute for an office supply store employee). This is going to be the best book you'll read this year.

Write Your Heart Out explores how to turn personal experiences, ideas and emotions into stories, essays, poems and memoirs. In a clear, insightful voice, Rebecca McClanahan teaches readers how to mine and shape personal material, urging them to write deeply, honestly and imaginatively about the most important people, events and emotions in their lives. She emphasizes the importance of personal writing as both catharsis and discovery, addressing such topics as:- Writing about the past- Writing about, and from, strong emotions- Writing to communicate with family and friends- Writing about work, goals and interests Moving from the private to the public, the book's structure is formulated to guide readers in writing personal, heartfelt works that can, if so desired, culminate in publication. Rebecca McClanahan is the author of six books, including Word Painting. Her short stories, essays and poems have appeared in some of the finest literary journals in the country, including the Kenyon Review, the Gettysburg Review, and the Georgia Review, and have been anthologized in Pushcart Prize XVIII and Best American Poetry, 1998. She lives in New York City.

"Acclaimed memoirists describe the process of writing their most painful memories In her attempt to write a memoir about her father's death from a secret AIDS infection in 1985, Melanie Brooks was left with some painful questions: What does it take to write an honest memoir? And what happens to us when we embark on that journey? Would she manage it? Brooks sought guidance from the memoirists who most moved her--including Andre Dubus III, Joan Wickersham, Mark Doty, Marianne Leone, Richard Hoffman, Edwidge Danticat, Michael Patrick MacDonald, Richard Blanco, Abigail Thomas, Sue Silverman, Kate Bornstein, Jerald Walker, and Kyoko Mori--to answer these questions. Writing Hard Stories encourages all writers as they work through their challenging stories. It features some of the country's most admired writers discussing their treks through dark memories and breakthrough moments, and it demonstrates the healing power of putting words to experience. A unique compilation of authentic stories about the death of a partner, parent, or child; about violence and shunning; and about the process of writing, the book will serve as a tool for teachers of writing and give readers an intimate look into the lives of the authors they love"--

Lee Martin tells us in his memoir, " I was never meant to come along. My parents married late. My father was thirty-eight, my mother forty-one. When he found out she was pregnant, he asked the doctor, ' Can you get rid of it? ' " From such an inauspicious beginning, Martin began collecting impressions that, through the tincture of time and the magic of his narrative gift, have become the finely wrought pieces of Such a Life. Whether recounting the

observations of a solemn child, understood only much later, or exploring the intricacies of neighborhood politics at middle age, Martin offers us a richly detailed, highly personal view that effortlessly expands to illuminate our world. At a tender age Martin moved to a new level of complexity, of negotiating silences and sadness, when his father lost both of his hands in a farming accident. His stories of youth (from a first kiss to a first hangover) and his reflections on age (as a vegan recalling the farm food of his childhood or as a writer contemplating the manual labor of his father and grandfather) bear witness to the observant child he was and the insightful and irresistible storyteller he ' s become. His meditations on family form a highly evocative portrait of the relationships at the heart of our lives.
