Leading car-makers, the early 1990s brought radical changes. The reports published by MIT shocked management in European and American industries. Former major companies had to

face  
consequences no  
one had  
expected. The  
assembly-lines  
were reorganized  
in order to  
achieve higher  
quality at lower  
costs. Five  
years after the  
MIT report, this  
book poses the  
question: What
