Lilly Harper is different than most young women her age. While other women are having babies she is making dolls. When her friends Tyler and Lucy are killed Lilly moves out to the farm to take care of their daughter and Lucy's mama. Lilly uses the money she makes from selling her dolls to buy necessities until Tyler's brother, Travis can be located. Travis Addison had not been home in six years when he felt a sudden urge to return. Expecting a joyous homecoming he was not prepared for what awaited him. Instead of his brother greeting him, he was met by a young woman, a niece, his brother's mother-in-law, and a young Negro man. Suddenly, his joy turned to sorrow. But with this new family and strength from the Lord he soon realizes his sorrow has turned to joy.

Weighed down by guilt following the death of his two-year-old son, Mac McCann accepts a year-long position training police officers in Afghanistan. Leaving his wife Sophie to grieve alone, he hopes the life-or-death distractions of his self-imposed exile will build a wall between him and his pain. As camaraderie builds between Mac and the men on base—including a local barber and his precocious little boy—Mac's heart becomes invested in stories beyond his own tragedy and he learns he is not the only one running from loss. But when the hour of attack arrives, will he be able to see past his guilt to believe there's still something—and someone—worth living for? With touching details based on true events, Flowers from Afghanistan is a redemptive journey of healing, a chronicle of hope in crisis, and a testament to the faithfulness of God through it all.

Mia has serious doubts about starting another BDSM relationship. Mia spent a year dating an emotionally abusive dominant, falling further and further under his control, until one day she snapped and walked away. Six months later, she's running her own flower shop out of her home and seeing a professional Domme for weekly sessions to get her needs met, because that's safer than dating again. One night at closing time, she's robbed and assaulted. The attack is cut short when her favorite repeat customer, Aaron, arrives and scares the other man off. Over the next few days, Mia and Aaron grow close, but Mia is hiding her submissive nature from him, even when she sees hints of a dominant side in him. When her ex ramps up his threatening behavior, and Aaron ramps up his protective behavior, will Mia take the plunge and confess her true nature to Aaron? And if she does, will he accept that side of her? Publisher's note: This action-filled romance contains a theme of power exchange.

Unexpectedly catapulted from his ranch into the office of the governor of Texas, Ben Travis becomes the unwitting head of a right-wing revolution that pits him and his state against a golf-obsessed, egomaniac president and a cache of elitist politicians. A first novel.

This volume contains Ridley's first three plays, which heralded the arrival of a unique and disturbing voice in the world of contemporary drama. They are seminal works in the development of the 'in yer face' theatre that emerged in Britain during the mid-1990s. The three plays here all manifest Ridley's vivid and visionary imagination and the dark beauty of his outlook. They resonate with his trademark themes: East London, storytelling, moments of shocking violence, memories of the past, fantastical monologues, and that strange mix of the barbaric and the beautiful he has made all his own. Pitchfork Disney was Ridley's first play and is now seen as launching a new generation of playwrights who were unafraid to shock and court controversy. This unsettling, dreamlike piece has surreal undertones and thematically explores fear, dreams and storytelling. The Fastest Clock in the Universe is a multi-award-winning play which caused a sensation when it premiered at Hampstead Theatre in 1992. An edgy and provocative drama, it is now regarded as a contemporary classic. Ghost from a Perfect Place is a scorchingly nasty blend of comedy, spectacle and terror where a monster from the past meets the monsters of the present.
