Answer Keys and Tests for Levels 1 and 2 available free online.

"Exciting and engaging vocabulary instruction can set students on the path to a lifelong fascination with words. This book provides a research-based framework and practical strategies for vocabulary development with children from the earliest grades through high school. The authors emphasize instruction that offers rich information about words and their uses and enhances students' language comprehension and production. Teachers are guided in selecting words for instruction; developing student-friendly explanations of new words; creating meaningful learning activities; and getting students involved in thinking about, using, and noticing new words both within and outside the classroom. Many concrete examples, sample classroom dialogues, and exercises for teachers bring the material to life. Helpful appendices include suggestions for trade books that help children enlarge their vocabulary and/or have fun with different aspects of words"--

This workbook provides exercises to help students practise and build many of the English words and phrases that they will find useful for the popular TOEFL® (Test of English as a Foreign Language) examination, which is an entry requirement for non-native speakers at more than 6,000 universities and colleges worldwide. It has been written for students at intermediate level and above, and is particularly appropriate for anyone who plans to study or train in an

English-speaking country. The material in this workbook covers general vocabulary, as well as topic-specific vocabulary based on themes which regularly feature in the TOEFL®. - Tests and improves vocabulary using a variety of useful, interesting and enjoyable exercises - For students learning English at intermediate level and above - Easy-to-use format with clear instructions - Comprehensive answer key with additional information - Ideal for self-study or classroom use

Focus on Vocabulary Learning explores teaching vocabulary to second and foreign language learners aged 5-18. It describes the considerable challenges of learning the vocabulary of a new language from a range of perspectives, and aims to equip teachers with practical solutions to meet these challenges. This book provides corpus-informed insights into teaching the vocabulary that is most useful to learners, and examines classroom-based research to identify effective learning strategies. A rich variety of practical activities and examples from real classrooms link theory to practice. 'Focus on Vocabulary Learning provides valuable guidance on a wide range of topics related to vocabulary teaching and learning in school contexts. The connections between current research findings and useful classroom strategies are very helpful. This engaging and accessible book should become an excellent resource for teachers.' Stuart Webb, Professor of Applied Linguistics, University of Western Ontario

National Geographic Reading and Vocabulary Focus is an all-new, four-level reading series that provides the essential reading skills and vocabulary development for maximum academic readiness. Readings grounded in rich National Geographic content tap into learners' curiosity about the world, naturally encouraging inquiry and opportunities to synthesize information. - A comprehensive, three-part vocabulary development program builds student confidence as learners encounter new or unfamiliar words in academic texts: - Academic Vocabulary sections develop the language that students will encounter in academic readings. - Multiword Vocabulary sections identify words that are commonly grouped together and then prompt learners to work with them in different contexts for enhanced comprehension. - Topic Vocabulary is presented as a reading preview strategy to enhance learner comprehension of the text. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The structure of the book makes it a valuable resource... Each chapter contains pre-reading questions, reflective tasks and chapter summaries. The book is rich in practical suggestions for classroom delivery, testing and research underpinned by the sound and comprehensive theoretical background ...EA Journal Volume 23 No 2 Focus on Vocabulary examines the teaching and learning of English vocabulary for learners of English as a second or foreign language in courses

where English is the languag
