Berlin/Brandenburg Metropolitan Region - Wikipedia

Not a single one of the 275 OECD metropolitan areas – functional urban areas with populations in excess of 500,000 – is governed by a single local government. The metropolitan area of Paris, which consists of 1,375 municipalities, might be an extreme case, but more than 200 metro areas contain more than 10 local governments and over 60 contain more than 100 within their boundaries.

"Governing metropolitan regions in the United States" by ...

The metropolitan counties are a type of county-level administrative division of England. There are six metropolitan counties, which each cover large urban areas, with populations between 1 and 3 million. They were created in 1974 and are each divided into several metropolitan districts or boroughs. The metropolitan county councils were abolished in 1986 with most of their functions being devolved to the individual boroughs, making the boroughs effectively unitary authorities. The remaining funct
