Traditional mystery shopping relies on input from dispassionate observers. But this approach has big downsides. Not only is the traditional mystery shopping model cost-prohibitive and tough to scale, but professional mystery shoppers are easy to spot. These shoppers don't have a stake in improving your brand.

Customer loyalty is essential to the long term financial success of your business, but with more choice then ever before, customers today have high expectations of products and services. You need a top notch customer services system in place, and Customer Care Excellence will enable you to achieve just that. In clear, practical language, this book takes you through how you can develop and sustain a customer-service focus within your company. Emphasizing both strategic and practical aspects of customer care, Customer Care Excellence explains how gaining customer commitment and motivating employees to deliver an excellent service at all your company's touch points can ensure successful results and satisfied customers. This new edition also includes new material on how online technology has affected customer service and employee and customer engagement, illustrated with new examples from Tesco, John Lewis and eBay.

The hospitality, travel, and tourism industries play a major role in citizen wellbeing, socio-cultural integration, and the economic advancement of a nation. The industries are increasingly complex in operation, demanding excellence across a far-reaching and diverse set of capabilities and changes in management practices across the board. With growing expectations for a better service quality from the users and endless calls for value-added service, managers are under constant pressure to improve their services across all aspects while growing customer numbers to meet various stakeholder expectations. Contemporary Management Approaches to the Global Hospitality and Tourism Industry is a key reference source that provides crucial knowledge on the application of new management practices and trends in the tourism industry. While highlighting topics such as service quality, culture sensitivity, and brand marketing, this publication explores the influence of globalization and the methods of sustainable business practices. This book is ideally designed for managers, hotel directors, restaurateurs, researchers, industry professionals, professors, and students seeking cutting-edge hospitality and tourism management strategies.

Why is BASIC MARKETING RESEARCH the best-selling marketing textbook? It is a best seller because it's written from a student's perspective. Authors Brown, Suter, and Churchill know that for a marketing textbook to be effective, students have to be able to understand it. And they've achieved that time and again. This edition is packed with the features that made it a best-seller in the first place, from study tools to updated content to an easy-to-read writing style. Plus, in this volume you'll learn more about how experts gather data and how to use it yourself to turn greater profits. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Handbook of Hospitality Operations and IT provides an authoritative resource for critical reviews of research into both operations and IT management. Internationally renowned scholars provide in-depth essays and explanations of case studies, to illustrate how practices and concepts can be applied to the hospitality industry. The depth and coverage of each topic is unprecedented. A must-read for hospitality researchers and educators, students and industry practitioners.

The only book for mystery shoppers endorsed by the Mystery Shopping Providers Association.If you are looking for a flexible, fun way to make extra money, mystery shopping may be for you! You can get paid to shop, eat in restaurants, get your hair cut, go to the movies and more . . . and Cathy Stucker will show you how.

This new book focusses upon customer care in relation to Human Resource Management issues and strategic planning. It addresses the objective of customer loyalty and retention in relation to business success and shows how this can integrate a company's strategy with regard to Marketing, Human Resource Management, Quality and Management of Change. This is an innovative book in a topical area that draws upon case study material.

This book is a rich and comprehensive review of literature of more than 300 books and journals in the field of Human Resource Management. This bibliographic survey presents almost all topics and concepts pertaining to the practice of human resource management in organizations along with latest researches and case studies for the benefit of students and readers interested in HRM. Due to the vastness of subject, the book is split into three volumes. Volume One includes definitions of human resource management, human resource planning, recruitment, motivation at workplace, training in organizations, job satisfaction and quality of working life, employee counseling, managing and coping with stress, depression among executives, personnel records, reports and audit, balancing work and life issues and organization development, change management, total quality management, organizational behaviour emerging reality for workplace revolution, organizational survey research, dimensions of data collection and management by objectives, employee satisfaction survey. Volume Two presents emotional intelligence, stress and health related consequences, stress and social resources, problem behaviors at work, performance management system, offers assessment centers, psychological tests, organizational tests, performance appraisal format, six sigma, a case study on recruitment at CRY, a case study on recruitment and training procedure at Kinetic Motor Company, a case study on training at Rallis India and Tata Chemicals Ltd., a case study on trainer evaluation, a case study of an assessment centre at EsERVE International, a case study of measuring effectiveness of soft skills training at Cap Gemini Ernst and Young, a case study on Reliance Group, a case study on mentoring programme for workmen at Asian Paints.

A comprehensive action plan for developing a quality-driven customer care programme. Emphasis is placed on strategic aspects, while covering the basics such as customer service point-of-sale, speed of delivery, follow-up, and the ethos of total quality management and staff motivation.

Closely matched to the specifications, this student book is the only resource available for BTEC national travel and tourism. It contains everything students need for the Award and some additional units for the Certificate.
