When he was 24 years old, Mark Aardsma was fired in a downsizing. He had little in the way of savings. But instead of panicking and seeking to land a new job immediately, he sat down and began to invest his time and money differently. By the time he was 34, he had multiplied his limited savings a thousand fold and controlled a multi-million-dollar portfolio of businesses and other investments. The notes he took as he

The practical guide to finding value and opportunity in large-cap stocks using investor behavior Large-Cap is an abbreviation of the term "large marketcapitalization" and refers to the stock of publicly traded companies with market capitalization values of roughly more than \$10 billion, like Walmart, Microsoft, and Ford. Because of their size, the conventional view is that these companies do not present investors with an ability to be opportunistic. The Large-Cap Portfolio + Website argues that, contrary to popular perceptions, significant opportunities exist in these stocks. Written with a fluency that both the savvy amateur and professional investor will understand, the book fills a void in the market by offering the practitioner a methodology to identify and approach the major assumptions that underlie

Download Free Investing With Purpose Capitalize On The Time And Money You

valuation, with an emphasis on issues that are more relevant to the analysis of large-cap stocks. Full of useful information on how to reap the rewards of stocks that most investors avoid Presents essential insights into understanding stock valuation Includes an actionable chapter devoted to portfolio management Packed with timely instruction, Large-Cap Portfolio gives readers invaluable insights and examples of how to build portfolios that will out-perform broad market benchmarks.

How to analyze and understand investment opportunities in the resources market Investing in resource markets is quite different from other sectors—extreme cyclicity; very long cycles; huge corrections; continual mergers and acquisitions;

Download Free Investing With Purpose Capitalize On The Time And Money You

and, huge capital needs. Written by industry pioneer Adrian Day, *Investing in Resources: How to Profit from the Outsized Potential and Avoid the Outsized Risks* details the factors that affect investing in resource markets, and how, if an investor understands those factors, the resource market can be a great place to realize very strong gains. The book:
Explains the major factors driving resource prices higher, including new demand from China and the difficulty in finding new economic resources
Discusses how the resource industry is changing, and addresses where we are in the "Super Cycle"
Details how to profit by investing in base metals, gold, silver, and agriculture, while explaining the peculiar political, environmental, and social risks inherent in resource markets
In recent years, deciding how to minimize

alternative space and see infrastructure and industrial real estate plays as a means to significant returns. These returns will offer investors hedges on inflation and the opportunity to be involved in the growing energy and industrial transformation of the U.S.A. MMZ believes that collaborating with local experts is a great way to put money to work. By allowing local niche experts to furnish leads, capital, operational expertise, and industry contacts, MMZ obtains special access to exclusive off market deals that produce high returns for investors. Local experts meld well with MMZ given the firm's opportunistic approach to investing. The managers of MMZ firmly believe that you should "Let smart people do smart things." The idea behind this saying embodies one of MMZ Investments' core beliefs: in business,

safe and sound ways to manage your money. When Wall Street veteran Gordon Murray told his good friend and financial advisor, Dan Goldie, that he had only six months to live, Dan responded, "Do you want to write that book you've always wanted to do?" The result is this eminently valuable primer which can be read and understood in one sitting, and has advice that benefits you, not Wall Street and the rest of the traditional financial services industry. The Investment Answer asks readers to make five basic but key decisions to stack the investment odds in their favor. The advice is simple, easy-to-follow, and effective, and can lead to a more profitable portfolio for every investor. Specifically: Should I invest on my own or seek help from an investment professional? How should I allocate my investments among
