"Juliet Young has always written letters to her mother, a world famous photojournalist--even after her mother's death, she leaves letters at her grave. When Declan finds a haunting letter left beside a grave, he can't resist the urge to write back. Soon, he is sharing his pain with a perfect stranger. When real life interferes with their secret life of letters, Juliet and Declan discover truths that might tear them apart"--

An accomplished novel from a talented writer, Letters to the Lost is a stunning, emotional love story. Iona Grey's prose is warm, evocative, and immediately engaging; her characters become so real you can't bear to let them go. I promised to love you forever, in a time when I didn't know if I'd live to see the start of another week. Now it looks like forever is finally running out. I never stopped loving you. I tried, for the sake of my own sanity, but I never even got close, and I never stopped hoping either. Late on a frozen February evening, a young woman is running through the streets of London. Having fled from her abusive boyfriend and with nowhere to go, Jess stumbles onto a forgotten lane where a small, clearly unlive in old house offers her best chance of shelter for the night. The next morning, a mysterious letter arrives and when she can't help but open it, she finds herself drawn inexorably into the story of two lovers from another time. In London 1942, Stella meets Dan, a US airman, quite by accident, but there is no denying the impossible, unstoppable attraction that draws them together. Dan is a B-17 pilot flying his bomber into Europe from a British airbase; his odds of survival are one in five. In the midst of such uncertainty, the one thing they hold onto is the letters they write to each other. Fate is unkind and they are separated by decades and continents. In the present, Jess becomes determined to find out what happened to them. Her hope--inspired by a love so powerful it spans a lifetime--will lead her to find a startling redemption in her own life in this powerfully moving novel.

With loving adoptive parents by his side, Rev Fletcher has managed to keep the demons of his past at bay. . . until he gets a letter from his abusive father and the trauma of his childhood comes hurtling back. Emma Blue's parents are constantly fighting, and her only escape is the computer game she built from scratch. But when a cruel online troll's harassment escalates, she not only loses confidence but starts to fear for her safety. When Rev and Emma meet, they're both longing to lift the burden of their secrets. They connect instantly and deeply, promising to help each other no matter what. But soon Rev and Emma's secrets threaten to crush them, and they'll need more than a promise to find their way out. From the author of Letters to the Lost comes a new compulsively readable story for fans of Nicola Yoon.

"Enchanting, intriguing, deeply moving. The Lost Letters of William Woolf concerns itself as much with lost love as it does with lost letters." –Irish Times *** Lost letters have only one hope for survival... Inside the walls of the Dead Letters Depot, letter detectives work to solve mysteries. They study missing zip codes, illegible handwriting, rain-smudged ink, lost address labels, torn packages, forgotten street names—all the many twists of fate behind missed birthdays, broken hearts, unheard confessions, pointless accusations, unpaid bills, unanswered prayers. Their mission is to unite lost mail with its intended recipients. But when letters arrive addressed simply to “My Great Love,” longtime letter detective William Woolf faces his greatest mystery to date. Written by a woman to the soulmate she hasn’t met yet, the missives capture William’s heart in ways he didn’t know possible. Soon, he finds himself torn between the realities of his own marriage and his world of letters, and his quest to follow the clues becomes a life-changing journey of love, hope, and courage. From Irish author Helen Cullen, The Lost Letters of William Woolf is an enchanting novel about the resilience of the human heart and the complex ideas we hold about love—and a passionate ode to the art of letter writing.

When Thomas Bellweather is framed for his mother's murder, the only person who believes him is Charlotte Rooker, whose friend was murdered similarly twenty years ago, and both investigate to find answers that may get them killed.

A Fascinating Glimpse into the World of the New Testament Transported two thousand years into the past, readers are introduced to Antipas, a Roman civic leader who has encountered the writings of the biblical author Luke. Luke's history sparks Antipas's interest, and they begin corresponding. While the account is fictional, the author is a highly respected New Testament scholar who weaves reliable historical information into a fascinating story, offering a fresh, engaging, and creative way to learn about the New Testament world. The first edition has been widely used in the classroom (over 30,000 copies sold). This updated edition, now with improved readability and narrative flow, will bring the social and political world of Jesus and his first followers to life for many more students of the Bible.

On March 15, 1939, as Hitler's army rolled into Prague, Helen Waldstein's father snatched the last exit visa from a distracted clerk and fled with wife and child. Only letters from the rest of their family could follow as the Nazis closed in. Through the war years, letters kept coming to the southern Ontario farm where Helen's small family learned to speak English, to be Canadian farmers, and to forget they were Jewish. Helen did not notice when the letters stopped coming, but they surfaced intermittently until she couldn't ignore them anymore. Reading the letters changed everything. As her past refused to keep silent, Helen followed the trail of letters back to Europe to find living witnesses of what the letters related. She has here interwoven their stories and her own in an engrossing narrative of suffering and rescue, survivor guilt and overcoming obstacles to intergenerational dialogue about a traumatic past.

A "historical novel of love and survival inspired by real resistance workers during World War II in Austria, and the mysterious love letter that connects generations of Jewish families"--Dust jacket flap.

New York Times bestselling author Brigid Kemmerer pens a new emotionally compelling story about two teens struggling in the space between right and wrong. When his dad is caught embezzling funds from half the town, Rob goes from popular lacrosse player to social pariah. Even worse, his father's failed suicide attempt leaves Rob and his mother responsible for his care. Everyone thinks of Maegan as a typical overachiever, but she has a secret of her own after the pressure got to her last year. And when her sister comes home from college pregnant, keeping it from her parents might be more than she can handle. When Rob and Maegan are paired together for a calculus project, they're both reluctant to let anyone through the walls they've built. But when Maegan learns of Rob's plan to fix the damage caused by his father, it could ruin more than their fragile new friendship. . . . In her compulsively readable storytelling, Brigid Kemmerer pens another captivating, heartfelt novel that asks the question: Is it okay to do something wrong for the right reasons?
