Coordination in the World's Electoral
Systems Here you can read a
summary and submit comments.
Popular elections are at the heart of
representative democracy. Thus,
understanding the laws and practices
that govern such elections is essential
to understanding modern democracy.

Making Votes Count: Strategic
Coordination in the World's ...

In this book, Cox views electoral laws
as posing a variety of coordination
problems that political forces must
solve. Coordination problems - and

Access Free Making Votes Count Strategic

with them the necessity of negotiating
withdrawals, strategic voting, and
other species of strategic coordination
- arise in all electoral systems.

features that determine the nature of the coordination problems that political actors face in differing polities.

Decisions

"Making Votes Count" Abstract | Gary W. Cox

That every voter votes so as to

Access Free Making Votes Count Strategic

maximize its expected utility is a postulate and needs no further confirmation. And strategic voting is a necessary instrument for any rational human being to make his vote count. The book does not lack complete originality, though. Cox refines two of Duverger's theories.
