Wendy Alec's 'The First Judgement' brings the fiction writer's art to the true story of Jesus' defeat of Satan at Calvary. The style, however, with an excess of adjectives and prose that needed tightening up, often interrupted the enjoyment.

To many he heralds a future filled with peace and prosperity. Jason De Vere controls a third of the world's media through his communications empire VOX. Brilliant and tenacious, little happens in the world without him knowing. Nick, international playboy (and archaeologist), is dying, a victim of his own recklessness. He has made a remarkable discovery he hopes may save him, but does not know how or what the cost will be. Despite their wealth and fame, the brothers' family history is shadowed in lies. Now, with powerful forces both sacred and diabolical at play, one will betray the others - in an almost unimaginable way ... In the beginning... Three brothers - Gabriel, Michael and Lucifer. Royalty. Archangels. United in devotion to their father and all his works. But when Lucifer learns of their father's latest creation - a new race, fashioned from crude matter and yet made in his image - he is consumed with resentment. Why have he and his angelic kind been overlooked? After a bitter confrontation, Lucifer is cast out, doomed to an eternity of exile and punishment. Unrepentant, he vows he won't suffer alone. Mankind has made a powerful enemy - one determined to lure it into darkness and torment any way he can... A man face down in the dirt amid melting Arctic snow, a deep sense of unease but no memory of how he got there - Jason De Vere, once the head of a global media empire. Found and briefly taken to a safe house, Jason's soon on the run again - there's a 50-million-dollar bounty if he can be taken alive. Thrown together with his ex-wife and a crusading young journalist, Jason begins a desperate search for answers. It's a race against time, a fight for survival - and the stakes are higher than he could possibly have imagined. 4 billion microchips - promising miraculous benefits - are being shipped to population centres around the world. And soon every human being on Earth will have to make a choice... CHRONICLES OF BROTHERS is the story of three brothers fighting for the future of humanity. From desert tombs, to the towers of Wall Street, to the ancient past, this super-epic tale reveals the hidden history of mankind and the origins of evil itself.

Adrian De Vere, President of the European Union, oversees the signing of an unprecedented international treaty, ushering in a new era of one-world government. Jason De Vere, media mogul, finds himself forced out of the empire he helped create. With friends, allies and even family turning against him, help comes from an unexpected quarter... Nick De Vere, archaeologist and playboy - and newly returned from the dead - leads Jason into an underground world of hidden knowledge and forbidden secrets. Together they must face down the most ruthless of adversaries: their own brother. As the Antarctic ice gives up a grisly secret, and shadowy figures are plotting behind the scenes, armies of good and evil are being marshalled for the conflict to come. An academic study that suggests the Old Testament was written to be read as a work that reveals direct messianic prophecies.

Best-selling Christian author Brian Godawa examines Psalm 82 to reveal its fascinating storyline of the Sons of God who surround God's throne. They are given the Gentile nations, but they rule unjustly, and are judged by Messiah, who strips them of immortality and takes back the earth.

Ashley's study on the book of Numbers is part of The New International Commentary on the Old Testament. Like its companion series on the New Testament, this commentary devotes considerable care to achieving a balance between technical information and homiletic-devotional interpretation.
