Security Guard Test Questions and AnswersNational Industrial Security Program Operating

The National Industrial Security Program, or NISP, is the nominal authority in the United States for managing the needs of private industry to access classified information. The NISP was established in 1993 by Executive Order 12829. The National Security Council nominally sets policy for the NISP, while the Director of the Information Security Oversight Office is nominally the authority for implementation. Under the ISOO, the Secretary of Defense is nominally the Executive Agent, but the NISP re

National Industrial Security Program - Wikipedia

The National Industrial Security Program (NISP) was established by Executive Order 12829 to ensure that cleared U.S. defense industry safeguards the classified information in their possession while performing work on contracts, programs, bids, or research and development efforts. DCSA administers the NISP on behalf of the Department of Defense and 33 other federal agencies.

National Industrial Security Program (NISP)
