“A book for English-speaking students who want to practice Italian grammar in a complete and successful way. All the main rules of Italian are clearly illustrated with essential grammar tables. The exercises, quizzes and games not only train the students to use language, but also provide them with interesting information about Italian life, society, culture and history...Idioms, slang and typical expressions of spoken Italian are also presented and practiced... The volume has answer keys.”—Éditeur.

The Italian project 1 is the first level of a modern multimedia course of Italian language. Suitable to adolescent and adult students. It provides a balanced information, with pleasant and amusing conversation and useful grammatical examples. Introduces students to modern Italy and its culture.

Most of us can’t make it through morning without our cup (or cups) of joe, and we’re not alone. Coffee is a global beverage: It’s grown commercially on four continents and consumed enthusiastically on all seven—and there is even an Italian espresso machine on the International Space Station. Coffee’s journey has taken it from the forests of Ethiopia to the fincas of Latin America, from Ottoman coffee houses to “Third Wave” cafés, and from the simple coffee pot to the capsule machine. In *Coffee: A Global History*, Jonathan Morris explains both how the world acquired a taste for this humble bean, and why the beverage tastes so differently throughout the world. Sifting through the grounds of coffee history, Morris discusses the diverse cast of caffeinated characters who drank coffee, why and where they did so, as well as how it was prepared and what it tasted like. He identifies the regions and ways in which coffee has been grown, who worked the farms and who owned them, and how the beans were processed, traded, and transported. Morris also explores the businesses behind coffee—the brokers, roasters, and machine manufacturers—and dissects the geopolitics linking producers to consumers. Written in a style as invigorating as that first cup of Java, and featuring fantastic recipes, images, stories, and surprising facts, *Coffee* will fascinate foodies, food historians, baristas, and the many people who regard this ancient brew as a staple of modern life.

By studying and practicing Italian grammar you’ll understand how the language really works and be able to speak Italian with clarity and ease. This is about maximum flavor with minimum fuss, lots of nutritious options, and loads of epic inspiration. This edition has been adapted for US market.

#1 NEW YORK TIMES BESTSELLER In his final hours in office, the outgoing President grants a controversial last-minute pardon to Joel Backman, a notorious Washington power broker who has spent the last six years hidden away in a federal prison. What no one knows is that the President issues the pardon only after receiving enormous pressure from the CIA. It seems that Backman, in his heyday, may have obtained secrets that compromise the world’s most sophisticated satellite surveillance system. Backman is quietly smuggled out of the country in a military cargo plane, given a new name, a new identity, and a new home in Italy. Eventually, after he has settled into his new life, the CIA will leak his whereabouts to the Israelis, the Russians, the Chinese, and the Saudis. Then the CIA will do what it does best: sit back and watch. The question is not whether Backman will survive—there is no chance of that. The question the CIA needs answered is, Who will kill him? BONUS: This edition includes an excerpt from John Grisham’s *The Litigators*.

This edition has been adapted for the US market. From simple suppers and family favorites, to weekend dishes for sharing with friends, this book is packed full of phenomenal food - pure and simple. Whether it’s embracing a meat-free day or two each week, living a vegetarian lifestyle, or just wanting to try some brilliant new flavor combinations, this book ticks all the boxes.
