This is a compilation of a true-life accounts which took place in a Cult Community called The Synagogue, 'church' of all Nations, Ikotun-Egbe, Lagos, Nigeria; where the author was trapped through hypnotism, and brainwashing for over a decade with other devotees. She documented her journey into this community who use religious garb to cover their nefarious operation in order to lure the naive, vulnerable, gullible, and the innocent into occultism. She narrates how they lived, how they were systemic initiated into the dark world by deceit, and were terrorised to swear allegiance to secrecy.

This is purely to EDUCATE people and to give ALL THE GLORY back to God, for His Amazing Saving Grace, His constant Love and His abiding Presence. She said, "If I should denied the world this truth, I became a partaker of evil and Hellfire would have been my eternal abode. This Book is a societal mirror for everyday people, it is saying that, each one of us has the ability to enter into relationship with God individually without depending on another man as a connector. Jesus Christ has made the way. This is to stand as a guide to the blind, as a warning to the gullible, and as a light to the simple; because what causes people to panic, and run helter skelter in search of an intermediary between them and their Creator is still prevalent in the world, such as sickness, affliction, trouble,

confusion, disease, barrenness, joblessness, etcetera. What drives people to run from one prophet to another prophets both false and genuine, which can cause them to eventually fall into error is still at large. Those things that pressurizes people daily, and can cause them to be knocking on the doors of prayer contractors and spiritual arrangers, intending to cut deals with 'God' if possible; rather than to go on their knees and be calling upon their Creator for Mercy and a turnaround is still thriving in the world today. Evil seems to run rampant everywhere. What we need is Peace in God and

In addition, it focuses on how to live on a pantry diet year-round, how to preserve food on a community scale, and how to reduce reliance on industrial agriculture by creating vibrant local economies. Better food, plentiful food, at a lower cost and with less energy expended: Independence Days
