Paganism is a term first used in the fourth century by early Christians for people in the Roman Empire who practiced polytheism. This was either because they were increasingly rural and provincial relative to the Christian population, or because they were not milites Christi. Alternate terms in Christian texts for the same group were hellene, gentile, and heathen. Ritual sacrifice was an integral part of ancient Graeco-Roman religion and was regarded as an indication of whether a person was paga

How we got here, the ironic age of regnant secularism that is merely cloaked and self-deluded religious belief, is not evident in the history of ideas popularly taught. Steven D. Smith’s aim in Pagans and Christians in the City is to connect the dots for us, beginning with the clash between ancient Christianity and Roman culture. He sees a direct line between the persecution of Christians by the Romans, which by even the Roman accounts made little political sense on the face of it, and the ...
