Hegel and Plato are united as political theorists by the convergence of their philosophical aspirations. But their political writings manifest the general disparities involved in their particular ways of seeking to fulfil these aspirations. Professor Browning compares the political thought of Plato and Hegel by locating their political theorizing within the context of their divergent modes of philosophizing.

The Republic is the masterpiece of Plato's political thought, and the related arguments of which it is composed, converge upon its advocacy of the conjunction of political power and philosophy. This proposal is a signpost which indicates that the principles underlying the order of the ideal commonwealth delineated in the Republic are inextricably linked to the general principles embraced in Plato's philosophizing.

As Wolff argues, " Making political decisions requires judgement and skill. It should, Plato urges, be left to the experts. " (Wolff; 2006, 67). To further emphasize this, Plato uses the ' craft analogy ', drawing on the allegory of the ship. In Plato 's The Republic, Socrates sets out an example of a ship led by men ignorant of navigation ...

This book explores the life-history of the individual within the context of Plato's social thought. The author examines Plato's treatment of the principal crises in an individual life - birth, educational selection, sex, the individual's contract with society, old age, death, and life after death - and provides an unprecedented analysis of Plato's theory of genetics as it appears in the Timaeus.
