About the learning resources. The National Intercollegiate Document "Safeguarding for Adults: Roles and Competencies" defines the safeguarding knowledge, skills and attitudes required by staff working in health and care settings. The document specifies the safeguarding competencies required at Levels 1 to 5, and additionally, for executive and non-executive directors at Board level.

Safeguarding Adults - e-Learning for Healthcare

This guideline covers safe and effective prescribing of strong opioids for pain relief in adults with advanced and progressive disease. It aims to clarify the clinical pathway for prescribing and help to improve pain management and patient safety. Care during the last 2 to 3 days of life is covered by care of dying adults in the last days of life.

Overview | Palliative care for adults: strong opioids for ...
