Preventing Micronutrient  
Deficiencies provides a conceptual  
framework based on past  
experience that will allow funders  
to tailor programs to existing  
regional/country capabilities and to  
incorporate within these programs  
the capacity to address multiple  
strategies (i.e., supplementation/fo  
rtification/food-based  
approaches/public health  
measures) and multiple  
micronutrient deficiencies.
