Rpe Scale 6 20

There are several versions of this scale. There is a similar Borg CR10 scale which has the RPE ratings between 0 and 10. The following table has the scale between 6 and 20. This is made to correspond to the heart rate level (divided by 10) as well as the perceived exertion, e.g. when someone gives a rating of somewhat hard (rating 13), you may also find that their heart rate is approximately 130 beats per minute (13 x 10).
