In these days of ever-increasing specialization, it is important to gain a broad appreciation of the subject. With this in mind, Naturally Speaking: A Dictionary of Quotations on Biology, Botany, Nature and Zoology, Second Edition presents the largest compilation of published quotations on the natural world available so that readers can get a feel for the depth and breadth of natural history and the life sciences. The book contains the words and wisdom of several hundred scientists, writers, philosophers, poets, and academicians. The bibliography is useful for readers who want to search for more details about the quotations listed while the extensive author and subject indexes provide the perfect tool for locating quotations. This book can be read for entertainment or used as an informative, handy reference.

Lurid depictions of sex and impotence, themes of emperor worship and violence, the use of realism and myth--these characterize the fiction of Mishima Yukio and Oe Kenzaburo. Susan Napier discovers surprising similarities as well as provocative dissimilarities in the work of two writers of radically different political orientations. Napier places Yukio's and
