The Accounting Controls Guidebook reveals the controls you need for every accounting system, from billings to financial reporting, in addition to such operational areas as order processing, shipping, and receiving. Controls are separately stated for manual and computerized accounting systems. The text also addresses types of controls, control principles, the proper balance of control systems, and how to construct a system of controls.

It takes several years and a substantial amount of money to complete a formal MBA program, where students wade through many theoretical concepts that are never used in the real world. There is a quicker and more effective way to learn the practical side of business management. The MBA Guidebook describes the essentials of the core topics covered in a top-tier MBA program. The intent is to give the user a broad understanding of the most essential concepts needed to run a business - in one comprehensive book. Topics covered include sales and marketing, operations management, product development, risk management, business valuation, capital structure analysis, and the interpretation of financial statements. In short, The MBA Guidebook provides the essential knowledge for operating a successful business.

Having the right CFO is a critical component for every company's success. Dergel provides CFOs and those in the making with a strategic blueprint to benefit their companies and their careers. He reveals how to build a strong, successful career plan with guidance on team building and management of the multiple relationships that CFOs face on a daily basis, plus how to balance one's work and personal life.

Praise for Fast Close: A Guide to Closing the Books Quickly "Steve captures the essence of the problems affecting the financial close process within corporations of all sizes; from the period close of subledgers and general ledger through financial reporting, and the relationship and interdependencies of governance, people and technology. A must-read for the corporate controller." □David Taylor, ACMA, MBA, VP Strategy, Trintech Inc. "Fast Close: A Guide to Closing the Books Quickly, Second Edition is a must-read for today's busy controllers. Steven Bragg points out everything that can be done outside the close that you just never realized didn't actually have to be part of the month-end close process! Very commonsensical approach!" □Kathleen Schneibel, mba, cpa, Controller/CFO for Hire, KMAS Consulting LLC "A well-executed 'fast close' can bring many valuable benefits to any company, from improving organizational performance to transforming accounting executives from financial historians to trusted advisors. In Fast Close, Second Edition, Steve systematically breaks down the steps required to achieve a fast close in both public and private companies, providing financial executives with tips, checklists, and a cost-effective road map to implement fast close procedures in virtually any company." □Matthew Posta, Esq., CPA, Vice President of Finance, Key Air, LLC FROM THE FIRST EDITION "This is an outstanding book in which Steve reveals his secrets to a fast close. Having personally experienced his (one-day) fast close for years and enjoyed the beneficial impact on my company, I highly recommend this book for all financial officers who desire to have a large, favorable impact on their company." □Richard V. Souders, President and CEO, Kaba Workforce Solutions

CFO Techniques: A Hands-on Guide to Keeping Your Business Solvent and Successful is a comprehensive and instructive working manual for multitasking chief financial officers and controllers working in the fast-paced commercial environment. Every senior financial professional with an ever-broadening span of control will benefit from this complete outline of the core activities—with specific descriptions of individual tasks—comprising the daily agenda of a successful CFO or controller. It covers everything from traditional responsibilities like budgeting and financial reporting, to more innovative tasks like performance analytics and business strategy development. While emphasizing specific guidelines on what it takes to excel as a company's head of finance, the book refrains from overwhelming dryness by using cultural references, real-life examples, and a casual tone. With its bite-sized, easy-to-read chapters, CFO Techniques serves as both an invaluable desktop reference handbook and a good bedtime read. Whether you need a quick recommendation on treasury procedures, adhering to GAAP, keeping funds safe from embezzlers, or advice on dealing with the CEO, you will find the answers in this book. Guides you through CFO/controller core responsibilities, function by function Serves as a reference manual on financial matters specific to the small and mid-size commercial environment Goes beyond finance and accounting, addressing the administrative and behavioral issues all CFOs occasionally must address
