Maintenance of Academic Standards. The main problem faced by the distance universities in all over the world relates to the maintenance of standards.

## ISSUES AND PROBLEMS IN DISTANCE EDUCATION

Rapid advances in information and communications technology (ICT) have brought about significant changes in the field of distance education (DE) since the mid-1990s. These are encapsulated in the shift by many DE institutions from print-based to online delivery using virtual learning environments (VLEs) and various Web technologies.
