Cindy Weber ' s International Relations Theory is an extraordinarily au courant text in terms of both its theoretical attunement and its attention to genre. While many IR texts fail to heed the pedagogical value of incorporating innovations in visual technologies and culture, Weber ' s does so with nuanced presentations and interpretations, which she articulates skillfully with the text ' s theoretical treatments.

It tells us about critical theory of international relation in a fun way. Weber use movies as a tool to explain the theories of international relation. From movies, such as Lords of The Fly, The Truman Show, Independence Day, Wag The Dog, Fatal Attraction, we can see the weaknesses of the theories such as Realism, Liberalism, International Society, Constructivism, and Feminism.

International Relations Theory: A Critical Introduction is an innovative new textbook, which introduces students to the main theories in International Relations. It also deconstructs each theory allowing students not only to understand them, but also to critically engage with the assumptions and myths that underpin them. It does this by using five familiar films as tools for first understanding each theory and then for understanding the myths that make them so persuasive for some people.
