A wordless picture book takes young readers on an imaginative journey to different places with each turn of the page as various landscapes are presented in full-color illustration. Reprint.

A wordless picture book presents a series of scenes, each one from farther away, showing, for example, a boat which becomes the image on a magazine, which is held in a hand, which belongs to a boy, and so on.

Full-color illustrations drawn with a new type of visual sleight-of-hand reveal striking surprises and promise to alter the viewer's perspective of what is actually there. By the author of Zoom.

A re-issue of Tim Wynne-Jones and Eric Beddows' classic picture book Zoom at Sea, published in celebration of Greenwood's 35th anniversary. The enhanced epub version includes a read-aloud feature of the story narrated by Tim Wynne-Jones. This fanciful nautical adventure stars a winsome cat named Zoom, who stays indoors paddling in the sink or sailing in the bathtub all night when other self-respecting cats are out mousing and howling at the moon. One day Zoom finds in his Uncle Roy's diary a map of the sea and how to get there, which leads him to the huge house of the beautiful Maria. When, with the turn of a large wheel, mysterious Maria launches him on a wonderful sea voyage, the first of Zoom's adventures begins.
